Australian and New Zealand Standard Method of Measurement 2018

Contents Page

1. Introduction, General Rules and Recommendations

2. Preliminaries

3. Demolition

4. Groundworks
   4.1 Excavation
   4.2 Filling and hardcore
   4.3 Paper and plastic membranes
   4.4 Underpinning
   4.5 Rock stabilization

5. Piling
   5.1 Driven piling
   5.2 Cast in-situ piling

6. Concrete
   6.1 In-situ concrete

7. Formwork
   7.1 Formwork
   7.2 Permanent metal formwork system
   7.3 Slip form construction

8. Reinforcement

9. Prestressing

10. Precast concrete

11. Tanking and Waterproof Membranes

12. Masonry

13. Stonework
   13.1 Natural stonework
   13.2 Artificial stone, terracotta and similar work

14. Structural Steel

15. Metalwork
16. Roofing

17. Façade Systems

18. Windows

19. Glazing

20. Carpentry

21. Partitions
   21.1 Metal framed Partitions
   21.2 Pre-fabricated Modular Partitions
   21.3 Toilet, Shower and Similar Cubicle Partitions
   21.4 Composite Partitions
   21.5 Acoustic Partitions
   21.6 Fire Rated Partitions

22. Suspended Ceilings

23. Access Floors

24. Doors

25. Hardware

26. Applied Finishes, Render and Textured Finishes
   26.1 In-situ Applied Finishes
   26.2 Plasterboard, Fibrous Plaster, Plaster Acoustic Tiles and Similar
   26.3 Metal Lathing

27. Tiling, Slab and Paving

28. Carpet and Resilient Finishes

29. Painting

30. Joinery

31. Furniture, Fittings and Equipment

32. Hydraulics

33. Drainage

34. Electrical Installations
35. Mechanical Installations

36. Transportation Services

37. Exterior Elements
   37.1 Landscaping
   37.2 Roadworks

38. Fire Protection

39. Included Sums
